

WE ARE STAINLESS STEEL KEG  
MANUFACTURERS, **WORLDWIDE**  
AND WITH **THE MOST**  
**INNOVATING INSTALLATIONS IN**  
OUR SECTOR.

Industrial capacity

**+400.000**  
kegs per year

**Product portfolio:**

- EURO (20L, 30L, 50L and 60L)
- SLIM (20L and 10L)
- USA (1/6 Barrel and 1/2 Barrel)

**Products under development:**

- Stackable
- DIN
- USA 1/4 Barrel

2021-2022 investment:

**+1.2 M€**

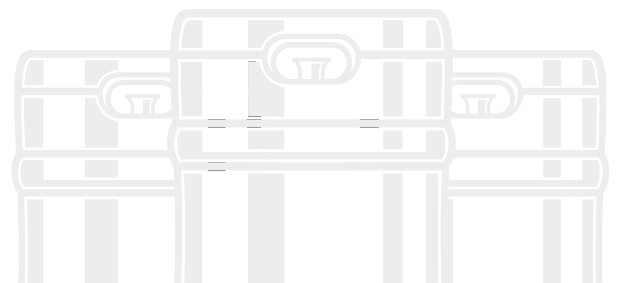

## STRENGTHS

We reach the excellence in our operations implementing the management tools and processes from the automotive sector:

- **TKC traceability system**, developed internally, using a **datamatrix** engraved on the keg that tracks all the information of each operation and process from raw materials to delivery.
- **Visual management factory** through an **internal closed camera system** which records and analyses all process informations.
- **APDC**: Automatic Process Data Control system.
- **0 defects** practice.

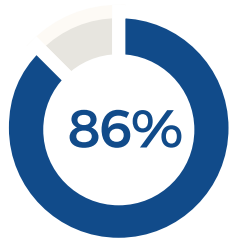

## DIFFERENTIATING SKILLS

- **Proximity to customer**: taylor made solutions, personalization of products and services.
- Keg **LEASING** and **RENTING**.

## ABOUT THE SECTOR

Main recognized manufacturers are located in Europe. It is a **defensive sector**, mainly based in replacement.

global needs are sourced by **7 manufacturers**

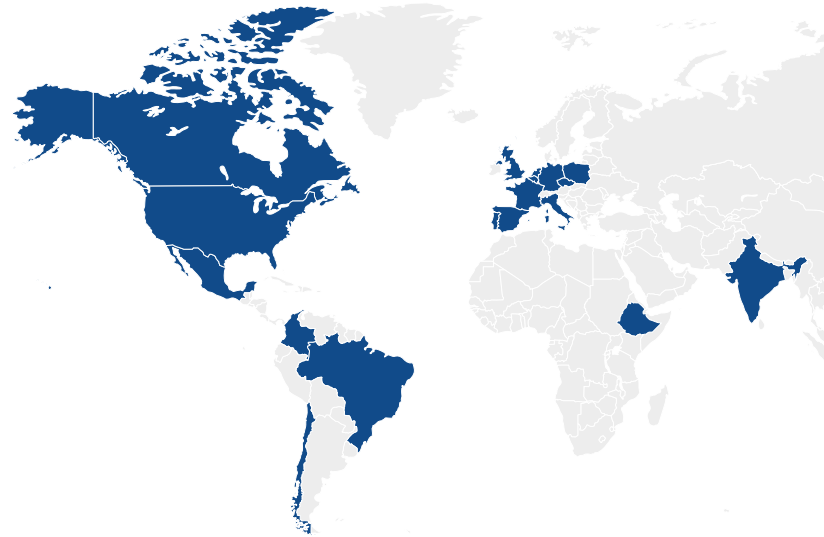

*(which assures the growth in number of kegs).*

Market moving to smaller sizes:

30L EURO, 20L SLIM or  
1/6 Barrel

## INTERNACIONAL PRESENCE

Worldwide customers trust on our kegs:

## OUR DNA IS DIGITAL

If you are interested in further digital solutions for **smart kegs**, contact us in [info@thekegcompany.co](mailto:info@thekegcompany.co)

## ABOUT US

The Keg Company (TKC) is an entrepreneurial project leaded by **some of the most industrially experienced families** of the Spanish region of Aragon **in the automotive and packaging systems with global presence** decades ago.
